

Going Grocery Shopping

I go grocery shopping to buy food.
I can also buy other things I need.

I make a list of all the groceries I
need to buy before I go shopping.

A list will help make sure that I do
not forget anything.

I make sure that I have enough
money to buy all the items on my
list before I go shopping.

When I get to the grocery store,
I can use a basket or cart to hold
all of my items as I shop.

I walk through the aisles of the store
and gather items from my list.

Going Grocery Shopping

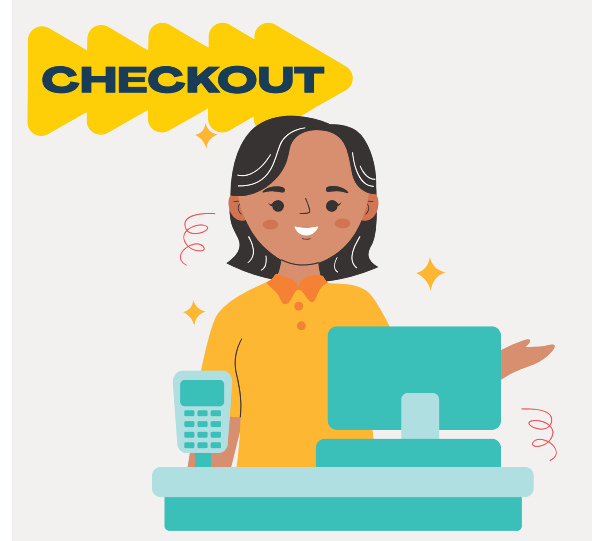

I can cross off items as I gather them so I know what else I need to find.

I can ask a store employee for help if I cannot find an item.

I go to the checkout line when I am finished shopping.

The cashier scans my items and places them into grocery bags.

The cashier tells me how much money I owe. I pay with cash or a credit/debit card.

I put all of the groceries away when I get home.
