

GUIDED IMAGERY

Sometimes I feel scared or worry about bad things happening.

If I think about a favorite place, it may help me feel better.

I can close my eyes, take in a deep breath and let it out slowly.

I think of a favorite place that makes me feel good and happy.

I imagine being in my favorite place.

I think of 3 sounds from my favorite place.

# GUIDED IMAGERY

I think of 3 things I can see when I am there.

I can think of smells that are in my favorite place.

I think of how relaxed and happy I feel there.

It makes me smile when I remember my favorite place.

Thinking about my favorite place helps my body feel calm.

I can think about my favorite place until I start to feel better.
